An act to amend Section 3050 of the Penal Code, relating to parole.

LEGISLATIVE COUNSEL'S DIGEST

AB 2392, as introduced, Torrico. Parole: substance abuse programs.

Existing law provides that any inmate under the custody of the Department of Corrections and Rehabilitation who is not currently serving and has not served a sentence for certain crimes, who has successfully completed an in prison drug treatment program, upon release from state prison, shall, whenever possible, be entered into a residential aftercare drug treatment program, as specified.

This bill would make a nonsubstantive change to that provision.

State-mandated local program: no.
